Re: LOMA Annual Conference and Conferment
September 16-18, 2007

Dear Mike,

On behalf of the customers and staff of LOMA, thank you for your excellent presentation at our Annual Conference in Quebec City. You played a big role in the success of the conference.

Mike, you were a meeting planner's dream speaker. You responded to our pre-meeting questions in a timely manner, you asked appropriate questions in order to make your presentation applicable to our audience and you were accessible before and after your presentation to me and our customers. Thank you for your terrific presentation and handling your speaker responsibilities professionally and with great respect to the overall planning.

It was a pleasure and honor to have you as a part of our program this year. I hope we have the opportunity to work with you again in the near future.

Sincerely,
