

Mike,

On behalf of our committee, I would like to say thank you for attending the Southeast Mine Safety & Health Conference and participating as a keynote speaker. I believe you were able to tie together your presentation "How Change Affects Safety" with our conference theme "Safety – The Only Way to Live". Safety is constantly changing for all of us, and your message really hit home with our attendees. During the presentation, you were able to entertain our audience with humor and real-life experiences which kept them engaged. Our post conference survey results confirmed that you hit the nail on the head. Thank you again for your time and sharing your experiences. We look forward to seeing and hearing from you again in the future.

Sincerely,

Jon Heaser CSP, OHST, President SE Mine Safety & Health Conference
